'Collab' subjects are delivered in partnership at 6th Form schools across Bridgend, and Bridgend College. These subjects run at the same time as Pencoed 6th Form subjects in Column C and D.

It is important you research what subjects entail, and make sure you select the right courses for you. Please note, places on courses can be limited.

Learners at Pencoed 6th Form are expected to study three to four option subjects of their choosing, alongside the Welsh Bacc.

Once options are submitted, if you have selected a collaboration course, confirmation of your place will be shared.

Collab. C	Collab. D
